## LABRADOR RETRIEVER – RÜDEN

Richter: Janice PRITCHARD

### RÜDE - JÜNGSTENKLASSE

**501 Chartbreaker´s Elderberry Wine**

**B: Margrit UHER-SIMMLER**

Yellow, eight months, heavily built puppy, rather small for age, heavy round bone, excellent thick double coat, pleasing expression, good dark pigment, but head is too short in muzzle and too strong for a puppy of this age, it will end up rather overdone. Average front angulation, strong hindquarters, but would prefer more turn of hock.

Lively, sound movement.

promising

**v3**

**502 Dodo von Carlspach**

**B: Brigitte FRENKENBERGER**

Black seven months, okay for size, generally too fine in bone and lacks undercoat, labs should have a thick double coat. Rather fine in leg bone and narrow in pasterns. Good eyecolor and kind expression, but height a little plain and has unusual earcarriage. Moved soundly.

promising

**v4**

**503 Dutchlab´s Sound Of Music**

**B: Tobias BRANDSTÄTTER**

Yellow, medium size, eight months, slightly short on his forelegs and i would prefer straighter frontlegs. Overall a very nice young dog, lively head, kind expression, double coat, correct texture, although today he was loosing it heavily. Good hindquarters, moved soundly.

Very promising

**vv2**

**504 Dutchlab´s Sunset Boulevard**

**B: E. M. VAN NIMWEGEN**

Yellow, eight months, very nice size, well balanced and well constructed.

Good head proportions, dark pigment, head still immature, should end up very good.

Lively reach of neck and topline. Well shaped hindquarters. Correct double coat, although today he had lost a lot of his undercoat. Typical clean outline, good balance, make him a very promising puppy. At present moves a little wide in front and close behind.

Very promising

**vv1**

### RÜDE - JUGENDKLASSE

**505 Aldo vom Krottenbach**

**B: Nina SONNTAGBAUER**

Black, one year old, generally too fine, tall, and narrow in built. Good eyecolor, kind expression, nice head proportions, very fine legbone, lacks a double coat, tail set a little low and this spoils topline. Poor tail. Moved steadily, but rather close behind. Vedyry Good

**SG**

**506 Arco vom Garhof**

**B: Gernot PUCHNER**

Black thirteen months, medium size, good type, and has some quality.

Good length of muzzle, a little wide between the eyes and this gives a rather flat and plain expression.  
Medium bone, correct double coat, which today he was losing heavily.  
Medium length of body, would prefer a little more spring of rib.  
Good tail shape. Would like to see more drive when he is moving, moves rather close.  
Excellent

**V3**

**507 Brave Aquila vom Kralhof**

**B: Marlene ALLMEIER**

Yellow, 11 months, generally too tall on the leg, fine in bone, and narrow in body, also carries a single coat. Head a little plain, would prefer neater ear shape. Actual body conformation satisfactory. Tends to get his tail up when moving which spoils the outline. Moved actively but is very close behind and he is just very good

**SG**

**508 Brave Falco vom Kralhof**

**B: Dr. Walter WAIZER**

Black, 12 months generally too fine and light in substance and built. Would prefer more undercoat and a thicker ottertail. Nice head, good eyecolor, good reach of neck. Rather low tailset spoils topline. Weak hindquarters, needs more breadth, and turn of stifle. Moves very close and I would like to see more drive from the hindquarters. Very good.

**SG**

**509 Cliff Hanger of Zampano**

**B: Eva LÖBL-TRUMMER**

Black, 12 months, medium size very well balanced, moderate dog of excellent breed type, well handled, well shaped head, eyecolor acceptable, clean neck, very good topline and tailset.  
Correct round bone and good feet, shortcoupled body, fairly good hindquarters, generally well constructed with good front angulation. Today badly out of coat but he has a true labrador coat, all the evidence is there. Excellent hind action, drive and good reach of stride. A little slack in elbows at present.

excellent

**V2, CJS**

**510 Deep Glenn Blue**

**B: Hans Peter GANARIN**

Black, 11 months, generally too fine and light in frame for a labrador. Kind intelligent expression, head a little plain in shape, long clean neck, topline rather roached. Would prefer more breadth of hindquarters. Carries a single coat, poor tail. Moves soundly, but has a very light short stride.  
very good

**SG**

**511 Dick Tracy**

**B: Franco BARBERI**

Black, 9 months, the baby in this class. Medium size, excellent breed type, lively outline and balance. Superb thick double labrador coat, excellent ottertail, correct tailset on perfect topline. Kind expression, moderate height, ridge of hair down the muzzle slightly spoils the look, but this head is correct and not overdone. Overall, loved his type, quality and balance, moved soundly.

excellent

**V1, JB**

**512 Dylan Dog**

**B: Franco BARBERI**

fehlt

**513 Freeman vom Gartnergut**

**B: Hans POINTECKER**

Black, 13 months, generally too fine in bone and built, with a narrow ribcage.  
Good eyecolor, slightly dished in headshape. Good reach of neck, low tailset spoils topline, rather narrow hindquarters. Needs to carry a double coat and have a better ottertail. Moves close behind and was very slightly lame from front left.

very good

**SG**

**514 Graf vom Dachsgschleif**

**B: Reinhard BRABEC**

Black, 11 months, nice size, medium legbone, but generally too tall in leg and narrow in body, a stronger built is needed in this breed. Intelligent expression, good head proportions, good reach of neck. Needs more spring of rib, and would prefer stronger hindquarters with more turn of stifle. Satisfactory coat. Moved steadily but rather close, and lacks drive in the rear.

Bite is bordering on being a level bite.

very good

**SG**

**515 Leadhills Hunting Amun**

**B: Eva-Christina KELLER-CHARWOT**

Black, 9.5 months, good size for age. Generally too light in substance, tall in leg and racy in built.

Good coat texture and length of coat, but would prefer a little more undercoat. Poor tail.

Weak hindquarters, excellent mover, free and has drive, but is narrow throughout.

very good

**SG**

**516 Malomközi Caleb**

**B: Szuszanna TREIBER**

Black, 17 months, medium size, a little short in leg, very heavy build, and carrying a very heavy and rather long double coat. Quite a different type and built to the fine and slight houndlike types seen so far, he is more Newfoundland-like. Yes, he has many pluses e.g. good head, thick coat, heavy bone, but perhaps too heavy. Front action okay, but has strange erratic hindaction.

very good

**SG**

**517 Ragweed´s Cutie**

**B: Mag. Barbara GRIENBERGER**

Black, 17 months, medium size, rather fine in legbone and long coupled in body. Good head proportions, slightly round in eye, would prefer more undercoat, rather light and straight in hindquarters, poor tail. Moved actively, with good reach of stride, but pins badly in front.

very good

**SG**

**518 Starchant Bodyguard**

**B: Sabine SCHÜRHAGEL**

fehlt

**519 Whisky Mac Golden Drop**

**B: Zejlko PERKO**

Yellow, one year, medium sized, very good breed type and has quality, excellent bone and body substance, carries a very thick heavy double coat with slight wave, he is just about to lose it all! Lively head, good dark pigment, horizontal ridge spoils head by just breaking up the expression. Slightly heavy in neck and shoulder, but this is mainly due to coat and should look better after his big puppycast. Good rib, above average hindquarters.

excellent

**V4**

## **RÜDE - ZWISCHENKLASSE**

**520 Starchant Airport**

**B: Karin RUTTER**

Yellow, 19 months, good size, strongly built, excellent round bone, good feet. Masculine dog of good breed type, carries a very good double coat and thick ottertail. Strong head but not overdone, light nose pigment slightly spoils expression. Medium hazel eyecolor, strong neck, watch that he does not become heavy over the front as he matures. Lay of shoulder is okay, slightly upright in upperarm and this affects his frontaction. Good rib and depth of body, medium bodylength, strong hindquarters.

Good sound hindaction.

excellent

**V2, RCACA**

**521 Tylah Space Cowboy**

**B: Barbara KRUMPAK**

Yellow, 21 months, moderate size, very good breed type and has quality. Neat dog, generally well made, and sufficient masculine. He is a difficult dog to show because he does not have natural stance, tending to stand awkwardly in front and overstretching himself in the hindquarters, excellent hindaction when going at the right speed, moves a little wide in front.

Good head, nose pigment could be darker, and has a small hair ridge down the muzzle.

Much to like about him.

excellent

**V1, CACA**

**522 Yellow Star´s Sweetheart´s Bouncer**

**B: Mag. Sonja NEURAUTHER**

Black, 23 months, generally too fine in legbone, and light and narrow in body. Good length of muzzle, ears could be neater. Good reach of neck, low tailset spoils topline. Rather long couple in body, weak hindquarters. Front action okay, hind movement lacks drive and is erratic.  
very good

**SG3**

## **RÜDE – OFFENE KLASSE**

### **523 Alan von Stift Viktring**

**B: Hermine ROISSEL**

Yellow, 6 years, starting to show his age. Generally of good breed type, good bone and substance, pleasing masculine head, carries a double coat, moved soundly. Overall a nice type, but not sufficient quality for high honors.

very good

**SG**

### **524 Anthony of Big Bear Lake**

**B: Gerlinde JUSTER**

Chocolate, good color. Kind eye, rather flat through the skull and skin wrinkle gives rather an unusual expression. Good round bone, good chest, but rather tucked up in the loin. Poor hindquarters which lack angulation, rather straight in hock, produces poor hind movement.

very good

**SG**

### **525 Come Fast Event**

**B: DIETZSCHOLD-BOJAKOVSKI**

Black, very fine in bone and build, carries a single coat, the labrador should have a thick double coat. Narrow head, good eye color, clean neck, rather straight in front. Hind action is too wide and erratic. Short coupled body which I liked, too light in hindquarters.

very good

**SG**

### **526 Derrik vom Lindnergrund**

**B: Eckart NEUMAYR**

Black, medium size, has sufficient body substance, but is fine in legbone. Good eyecolor and good length of muzzle, but rather too full in cheek, which gives a slightly untypical head, has one incorrectly folded ear. Medium length of body, would prefer stronger hindquarters. Short thick coat, poor tail.

Moves close behind. Uneven dentition.

very good

**SG**

### **527 Emil von Waldschrott**

**B: Jacqueline FUCHS**

Yellow, pleasing head and expression, nose pigment could be darker. Good legbone and feet, a little straight in front construction, good coat texture, but would prefer more undercoat. Very poor hindquarters, too narrow and straight in stifle, and this produces a narrow stilted hind movement. High tail carriage spoils his outline on the move.

very good

**SG**

### **528 Filou of Carinthia**

**B: Elisabeth SCHILDBERGER**

Black, medium size, generally too fine in legbone and bodysubstance, only carries a single coat, poor tail which is feathered. Narrow skull, light eye gives a hard expression. Good reach of neck, but has a roached topline. Active mover, but hind action is very poor and lacks drive due to hindquarter conformation.

very good

**SG**

### **529 Götz von der Schrankenstätte**

**B: Dr. Thomas PLUNGER**

Black, medium size, too fine in legbone. Good eyecolor, kind expression, skull rather narrow. Satisfactory coat, poor tail, short coupled body. Very weak in hindquarters, particularly in the hock, and this produces unsound weak hind action.

very good

**SG**

### **530 Heatherbourne Watchman**

**B: Franco BARBERI**

Black, small, very short coupled dog, has better bone substance and type than most of the dogs in this class. For me he is too short in neck and heavy in shoulder with average hindquarters and this gives a slightly unbalanced dog. Good topline and tailset. Good coat texture, would prefer a little more undercoat. Average mover. Handler over-baits him. Strong head, a little short in muzzle. Uneven dentition.

excellent

**V2, RCACA**

**531 Inishfree Easy Going of Ashford Castle**

**B: Dr. Mihaela SOUVAN**

Yellow, strongly built, plenty of bone and body substance, excellent masculine head, nose pigment could be darker. He is slightly short in leg and this gives the appearance of long and low, which is slightly unbalanced. Nice ribs, very good topline, good hindquarters. Short thick double coat. Poor front action, wide and turns out feet. Better type and substance than most in this class, but balance and front hold him back.

excellent

**V3**

**532 Inishfree Good Guy of Ashford Castle**

**B: Heimo BERNSTEINER**

Black, small heavily built type, very good bone and body substance, carries a thick double coat. Short coupled and deep body. Strong head, too short in neck and heavy in shoulder, lacks the hindquarters to balance his front, needs more breadth of second thigh and turn of stifle and more turn of hock. Front action okay, but hind action lacks drive of the hock. Better build, coat and type than most of the dogs in this class, but fails in hindquarters.

excellent

**V**

**533 Jenga Prince**

**B: Dr. Christian SANDAUER**

Black, small dog, very fine in bone and body and carries a single coat, the labrador should have more substance and a double coat. Fine head, kind expression, clean neck, good topline. Active mover, but lacks drive.

very good

**SG**

**534 Middlebere Dirk of Craigfein**

**B: Hans SCHUCKERT**

Black, small type, very light in bone and frame, very typical of the fine field-trial type now seen in the UK. Carries a single coat, poor tail, should be double coated and have ottetail. Narrow skull, but slightly cheeky, clean neck, incorrect front construction produces a very wide front action.

very good

**SG**

**535 My Lord Claret And Blue**

**B: Gianmichele COLOMBO**

Yellow, nice size, better bone and body substance than most in this class. Masculine head and good pigmentation, but rather wide between the eyes and this gives an impression of plainness in the head. Average front construction, medium bodylength, too narrow and straight in hindquarters. Satisfactory coat, topline a little high over the rear. Steady mover.

excellent

**V4**

**536 Pal**

**B: Dr. Mihaela SOUVAN**

Yellow, ungraded due to injury caused by a bite during the class, but outside the ring! Good size, legbone, feet, and body substance. Liked his head and expression a lot. Nose pigment could be darker. Good reach of neck, a little upright in upper arm, medium body length, too straight in stifles. Has a short coat, good texture, would prefer more undercoat, tailshape could be better. unable to move him.

**ohne Bewertung**

**537 Penny Royal's Morning Addiction**

**B: E. M. VAN NIMWEGEN**

Chocolate, medium size, very good bone, body substance, and carries a double coat of correct texture, which today he was losing, and color was beginning to bleach. Very good head shape, but eye color spoils expression. Good front angulation, but watch he does not become too heavy over shoulder. Short deep body, below average hindquarters, needs more breadth and turn of stifle. Moved soundly, but lacked drive.

excellent

**V**

**538 Ragweed's Breeze**

**B: Anna Elisabeth BAUER**

Black, medium size, body substance okay but too fine in legbone. Good length of muzzle, but a little plain in head and round in eye. Good reach of neck, medium body length, weak hindquarters, but moved quite well. Satisfactory coat, but would prefer more undercoat. Poor tail.

very good

**SG**

**539 Tapeatom Star Attraction**

**B: Alois WIMMER**

Black, who was ungraded as unsound on hind, left hock, which is capped. Medium size, good breed type, very good bone and body substance, short coupled. Strong masculine head, good eye color. Front construction okay, needs more hindquarters to balance front. Short thick double coat, well shaped tail, but too short in length.

**ohne Bewertung**

**540 Tormentil Ashford Spirit**

**B: LÖBL-TRUMMER/SIDOR-LUBBERT**

Chocolate, medium size, good quality and breed type, clean lines, and well balanced. Lively round bone, good feet, good body substance, carrying enough bodyweight. Lively head, perfect eye color, excellent coat color, tips just starting to bleach, thick double coat, very good tail shape. Slightly upright in upper arm, good rib, nice couplings, average hindquarters. Very sound moving dog, had drive and good length of stride. Mouth bordering on level-bite, but many plus-points were in his favor.

excellent

**V1, CACA**

## **RÜDE - GEBRAUCHSHUNDEKLASSE**

**541 Able Merlin vom Kralhof**

**B: Herbert KASERER**

Black, nice size, medium legbone, good feet, generally rather narrow and long in body. Kind expression, pleasing head, good reach of neck. Drops of in his croup, low tailset. Lacks strength of hindquarters and this produces a weak hind action. Satisfactory coat, but would prefer more undercoat. Poor tail.

very good

**SG**

**542 Ben vom Dachsgschleif**

**B: Martina HLOUS**

Black, nice size, generally too fine and light in bone and body substance. Rather fine in skull, good eye color. Good reach of neck, but straight in front. Medium body length, hindquarters quite well shaped. Good topline and tailset. Would prefer a better coat and tail. Moves wide in front and close behind.

very good

**SG**

**543 Billy von der Eisenwurzen**

**B: Sebastian HOCHREITER**

Black, medium size, generally quite well made and moved soundly. A little fine in legbone and build. Satisfactory coat but more undercoat would improve. Would prefer a stronger head, with better eye shape and color.

very good

**SG4**

**544 First Man Draco Minor**

**B: Alena KLECKOVÁ**

Yellow, has good bone and body substance, but is rather in two halves, down in front and up in rear, which spoils his topline. Good head, medium neck, could be better angulated in upper arm, average hindquarters, more turn of stifles would improve him. Fairly good coat, good hind action, has drive and good length of stride, moves wide in front. Dog with some nice qualities but not enough for top honors.

excellent

**V1, o. T.**

**545 Heros von der Herrenleithen**

**B: Eduard STROLZ**

Yellow, good bone, average body substance, strong headed dog, kind expression, but a little full in the cheek. Very straight in the upper arm and this affects his front action, he is wide in elbow and turns his pasterns out. Medium body length, average hindquarters, good rear movement. Short coat with sufficient undercoat, would prefer a better tail. Generally okay but not the quality or front for top honors.

excellent

**V2**

**546 Newinn Mountain Rain**  
fehlt

**B: Dario MILOSEVIC**

**547 Yellow Star´s Sweetheart´s Another Klondyke** **B: Simone LHOTA**

Black, nice size, needs more legbone for a dog of this size. Quite a large head, kind eye, good reach of neck, front angulation satisfactory. Nice length of body, weak hindquarters and long from hock to pastern. Moves close behind, but does have good reach of stride. Satisfactory coat.

very good

**SG3**

## **RÜDE - CHAMPIONKLASSE**

**548 Lenches Morse**

**B: Franco BARBERI**

Black, small dog, very well presented, very short coupled, good topline, but outline is spoiled on the move by high tail carriage. Strong head, a little short and deep for my liking, lively eye and expression. Short in neck, and rather heavy in shoulder, but angulation is good. Good round bone and feet, deep body, carrying enough weight. Average hindquarters, could do with more turn of stifle. Very short coat, good texture, but would prefer more undercoat, good tail shape. Moves actively, but he is not the truest of movers. Scores on type, build, and showmanship.

excellent

**V2, RCACA**

**549 Golden Eagle Over Rocheby**  
fehlt

**B: Franco BARBERI**

**550 Trendmaker´s Take Five**

**B: Szusanna TREIBER**

Big sized black dog, excellent bone and substance, excellent thick double coat, correct texture, just starting to loose it today, very good tail. Big, but balanced and has quality, good reach of neck, could be slightly cleaner in the throat, lively head and eye, good length of muzzle, good front construction, medium body length, above average hindquarters. Moved soundly and true. In this class he had the better scope, coat and movement, has quality and is workmanlike.

excellent

**V1, CACA,CS, Bester Rüde, BOS**

## **RÜDE - SENIORENKLASSE**

**551 Aaron vom Teichfeld**

**B: Eduard STROLZ**

Black, of nice breed type and lively temperament. Good size, lively head, medium bone, would prefer better feet, nice depth of body, fairly good hindquarters, carries a double coat, but rather uneven and wavy in front, tail okay, hind action okay, rather tied in at the elbow. Good breed type and looks very well for eleven years.

excellent

**V1**

**552 Kawarika Be Bold**

**B: Anna GOLTH**

Black, 9 years old, nice size, a little fine in legbone. Plenty of length of muscle, good reach of neck, front construction okay. Rather weak in hindquarters, both, constructionally and when on the move. He is slightly unsound on one hindleg now. Sufficient coat, poor tail.

very good

fehlt

**607 Akira von Kranichstein**

**B: Ing. Johannes TSCHINDER**

Black bitch with very pleasing head. Good stop and depth of muzzle. Good in neck and shoulder. Deep in the chest. Good top line. Would like a little better tail set and depth of body. Moved correctly when settled.  
Excellent  
**V**

**608 Alice vom Garhof**

**B: MF. Fritz HÖRMANDINGER**

fehlt

**609 Ally vom Krottenbach**

**B: Mag. Sabine RECHBERGER**

Black bitch with gentle head. Feminine expression. Good eye colour. A little narrow in the muzzle. Rather long in the body and high in the leg which makes it look unbalanced today. I feel that this will improve with maturity and age. Movement covered the ground adequately. Very good.  
**SG**

**610 Amy von Kranichstein**

**B: Stefan TSCHINDER**

Very pleasing black bitch. Nicely constructed head. Good in stop and muzzle. Good neck and shoulders and correct top line. Tail set a little low. Good spring of rib and rear angulation. Not in best coat today. Moved steadily.  
Excellent.  
**V**

**611 Aspect Of Love Bavarian Gentle Flirt**

**B: Brigitte KRÖLL**

Youngster of ten months. Shows a lot of promise. Feminine head. Kind eye. Good pigmentation. Nice reach of neck and shoulder placement. Good top line. Nice spring of rib and depth of chest. fehlt**

**B: Stefan BÖHM**

**614 Bianca von Bayerleiten**

**B: Maria WENDT**

Black of one year. Well made head with good stop and muzzle. Kind expression. Good in shoulder and depth of chest. However looks tucked up behind. Stands with a roached back instead of straight top line. Tail set does not come off the top line and just going out of coat today. Moved steadily.

Very good.

**SG**

**615 Brave Sitta vom Kralhof**

**B: Dr. Ulrike PLANK**

Twelve month black. Needs to have more width of head and depth of muscle. The narrow head gives a hound impression. For me too tall on the leg and too long in the body making the dog look unbalanced. Gentle temperament and covered the ground well when moving.

Very good.

**SG**

**616 Chartbreaker´s Camouflage**

**B: Maria SCHREIBER**

Eighteen month black. Lovely head with kind expression. Would like a little darker eye. Nice clean neck. Good shoulders and deep chest. Lovely top line and tail set. Good spring of rib. Good hind quarters well muscled. Blanced throughout. In good coat and well covered tail. Movement correct when moved faster.

Excellent
