3 years, very high masculine bitch, would like more stop and muzzle, ears placed too low, too short neck, good bones and topline, good front angulations, a bit straight behind, excellent coat quality, in the movement would like more reach and drive, more temperament, at the moment too fat.

4 years, lovely type, nice head, neck, back and front angulations, too low legs, would like better topline, excellent coat, in the movement to small steps no reach and drive, would like more temperament, too soft topline and too high on the back, not the right movement for working dog.
