1 year old and still rather immature, but he is a lovely type, a good size, pleasing in head, would like a bit longer neck, good forechest, good body for his age, typical topline, could have slightly more angulation behind, moves soundly, today not in his best coat, very promising, excellent

4 years old, a dog of good size, pleasing in head and good reach of neck, very good body, would like more angulation both in front and behind, he could have a better tailset and he carries his tail far too high, typical topline, good bone, but feet are too tight, should be hare feet, typical coat but not in his best coat, moves well, very good
