2 years old black bitch. Very pleasing in outline. I like her head and kind expression. Neck and lay of shoulder good. Upper arm could have more angulation, which is making her toe in a little in the front on move. She is very good through the body with excellent ribs, front, topline and tailset. Well angulated and muscled rear quarters. Good legs and feet. In the best of coats.

Nicely balanced outline. Pleasing head and expression. Good neck and lay of shoulder. I would like a little more angulation and length of upper arm. This makes her toe in in front movement. She is very good through the body, deep and strong and well ribbed back. Topline and tailset are very good. Well turned stifle with good muscle. Drove well from the rear. Excellent coat.
